Petar Zhivkov
What foreign students want to know when they come to study in TU Delft?
Our Goal

“Provide information for international students which answers frequently asked questions about daily life in Delft”
Our Way

• Creative
• Interactive
• Accurate
Our Product

Memory game
Language issues
How to greet when you meet someone?

Language issues
“Good Morning! How are you?”
“I am fine, thank you”

Just say: Goedemorgen, hoe gaat het? Ik ben goed, dank je.
**Lunch time**
Best places to have lunch in and around TU Delft and price for each meal

1. Canteen at TU Aula Congress Centre
2. Canteens and snack bars in faculty buildings
3. Döner on Mekelweg
4. Get a sandwich at one of the grocery stores in the city centre

**Price per meal**
€3 to €6

**Language issues**
How to greet when you meet someone?

“Good Morning! How are you?”
“I am fine, thank you”

**Just say:**
Goedemorgen, hoe gaat het?
Ik ben goed, dank je.

---

**Buy a Bike**
Where to get a bike from and at what prices?

1. Halfords
Add: Wijnhaven 17
2. Koos Cloosterman
Add: Schrobbelaarstraat 34
3. Ado
Add: Papsouwselaan 468

**Prices:**
Second hand: €70 to €100
New: Starting from €150
How did we cooperate?

- Problems?
  - Deciding the main goal of our project
  - How to deal with different ways of solving the same goal.
- How did we solve them
  - Democratically, voting.
  - After choosing the main goal of the project we stuck to the perspectives we had in common picking the best ideas of each opinion.
Work Sessions

Brainstorming about the main objective
- Wrote some first ideas
- Discussed them
- Made a decision

Work on our product and presentation
- Split into teams, SKILLS!!!!
- Film
- Research

Put all together and practice the presentation
- Picture of the team
- Timing of the presentation
- Clarified some last details
What did we learn from this assignment?

- How to Work in a multicultural group
- How to listen to other opinions and summarize them to come up with a final solid argument
- We learnt about our own results of the project
- How to follow a process to solve one common objective
- How to divide the group into different working stations depending on each of our own skills
Thank you!
