Integration between International and Dutch students

Den Haag 1
Integration between international and Dutch students
LACK of integration between Dutch and international students

We tackled it by:
  • Acquiring a claim
  • Finding evidence
  • Thinking up of solutions
BOTH Dutch and international students want better integration
How we found the evidence
Our experience

- only a few internationals
- interacting only during project work
- internationals are not well integrated

\[\rightarrow \text{ACTIVITIES}\]
Recommended solutions

(Partly) Unified introduction programme for Dutch and internationals

Unified activities
  • Organized sports games
  • Organized social activities (such as a bicentennial concert with beer)

Unified introductory projects
