announcement

“[...] architecture has by virtue of the evocative qualities of all explicitly spatial images, forms and materials, the capacity to stimulate a certain kind of usage.

*Herman Hertzberger*

“Spaces are qualified by actions, just as actions are qualified by spaces.”

*Bernard Tschumi*

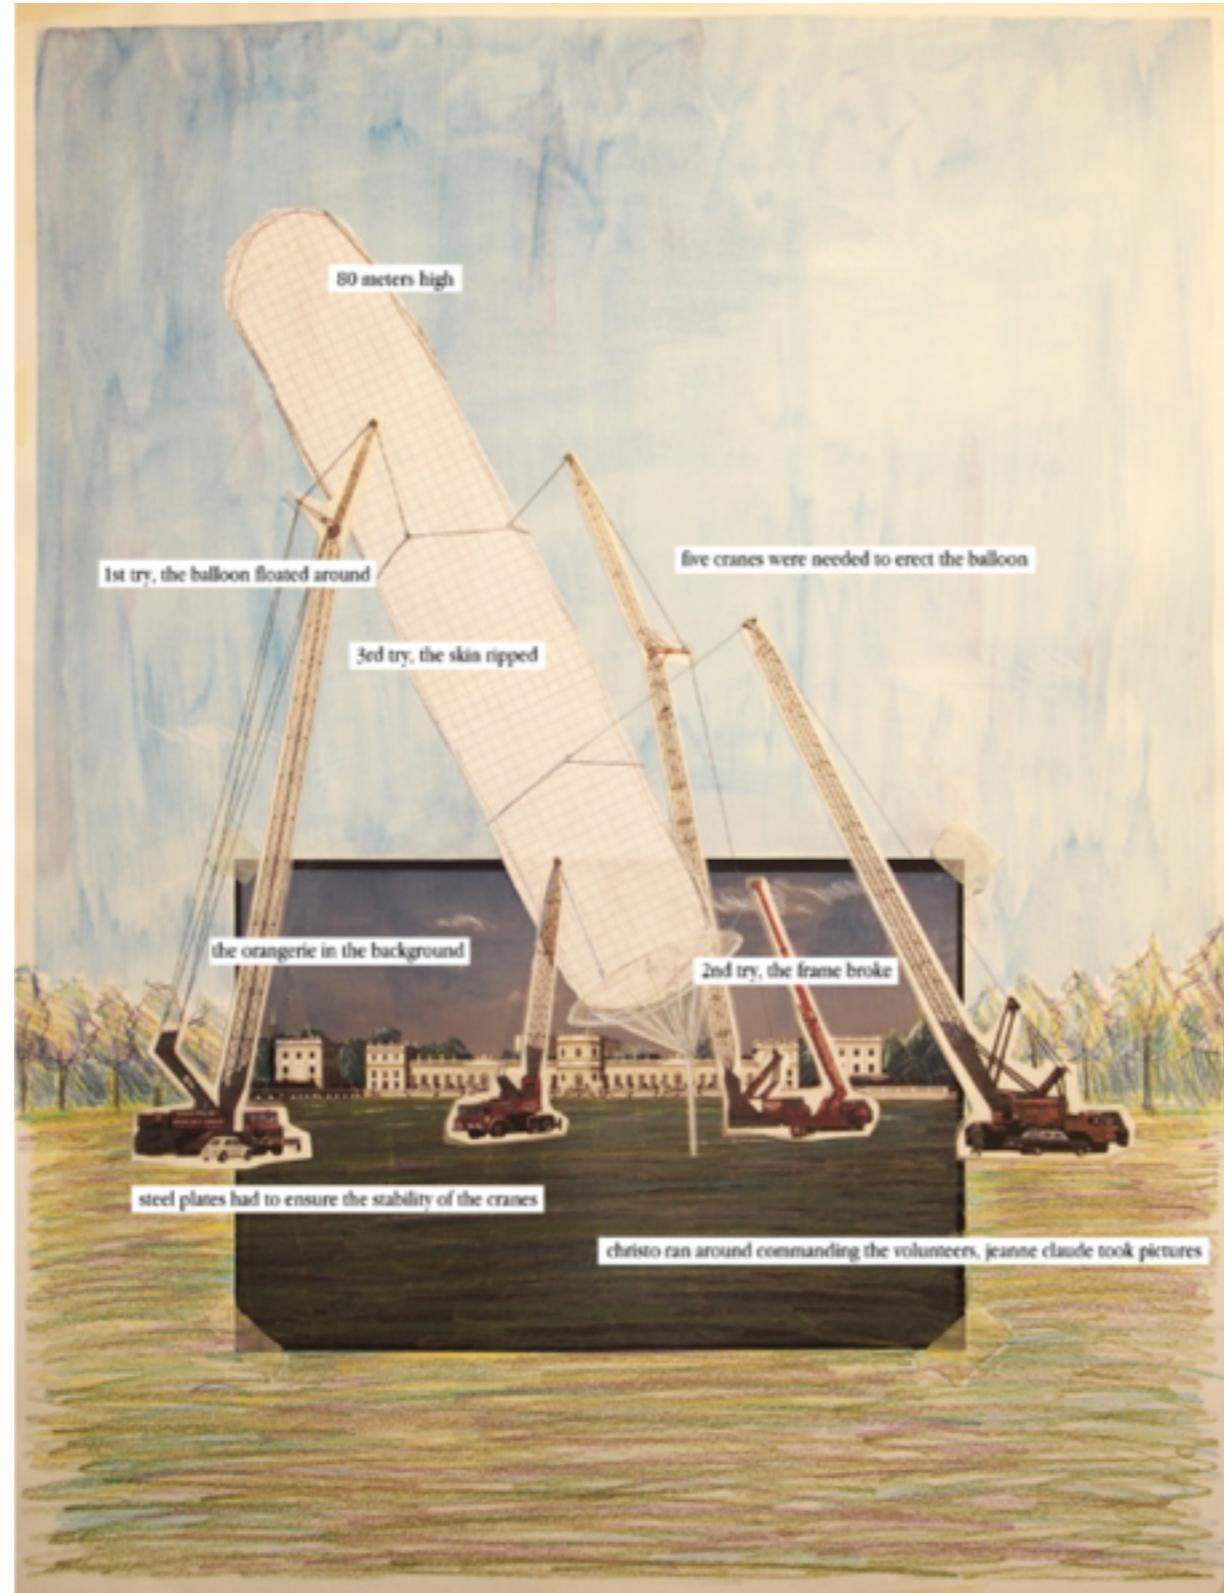

To really appreciate architecture,  
you may even need to commit  
a murder.

The High Window, 1987

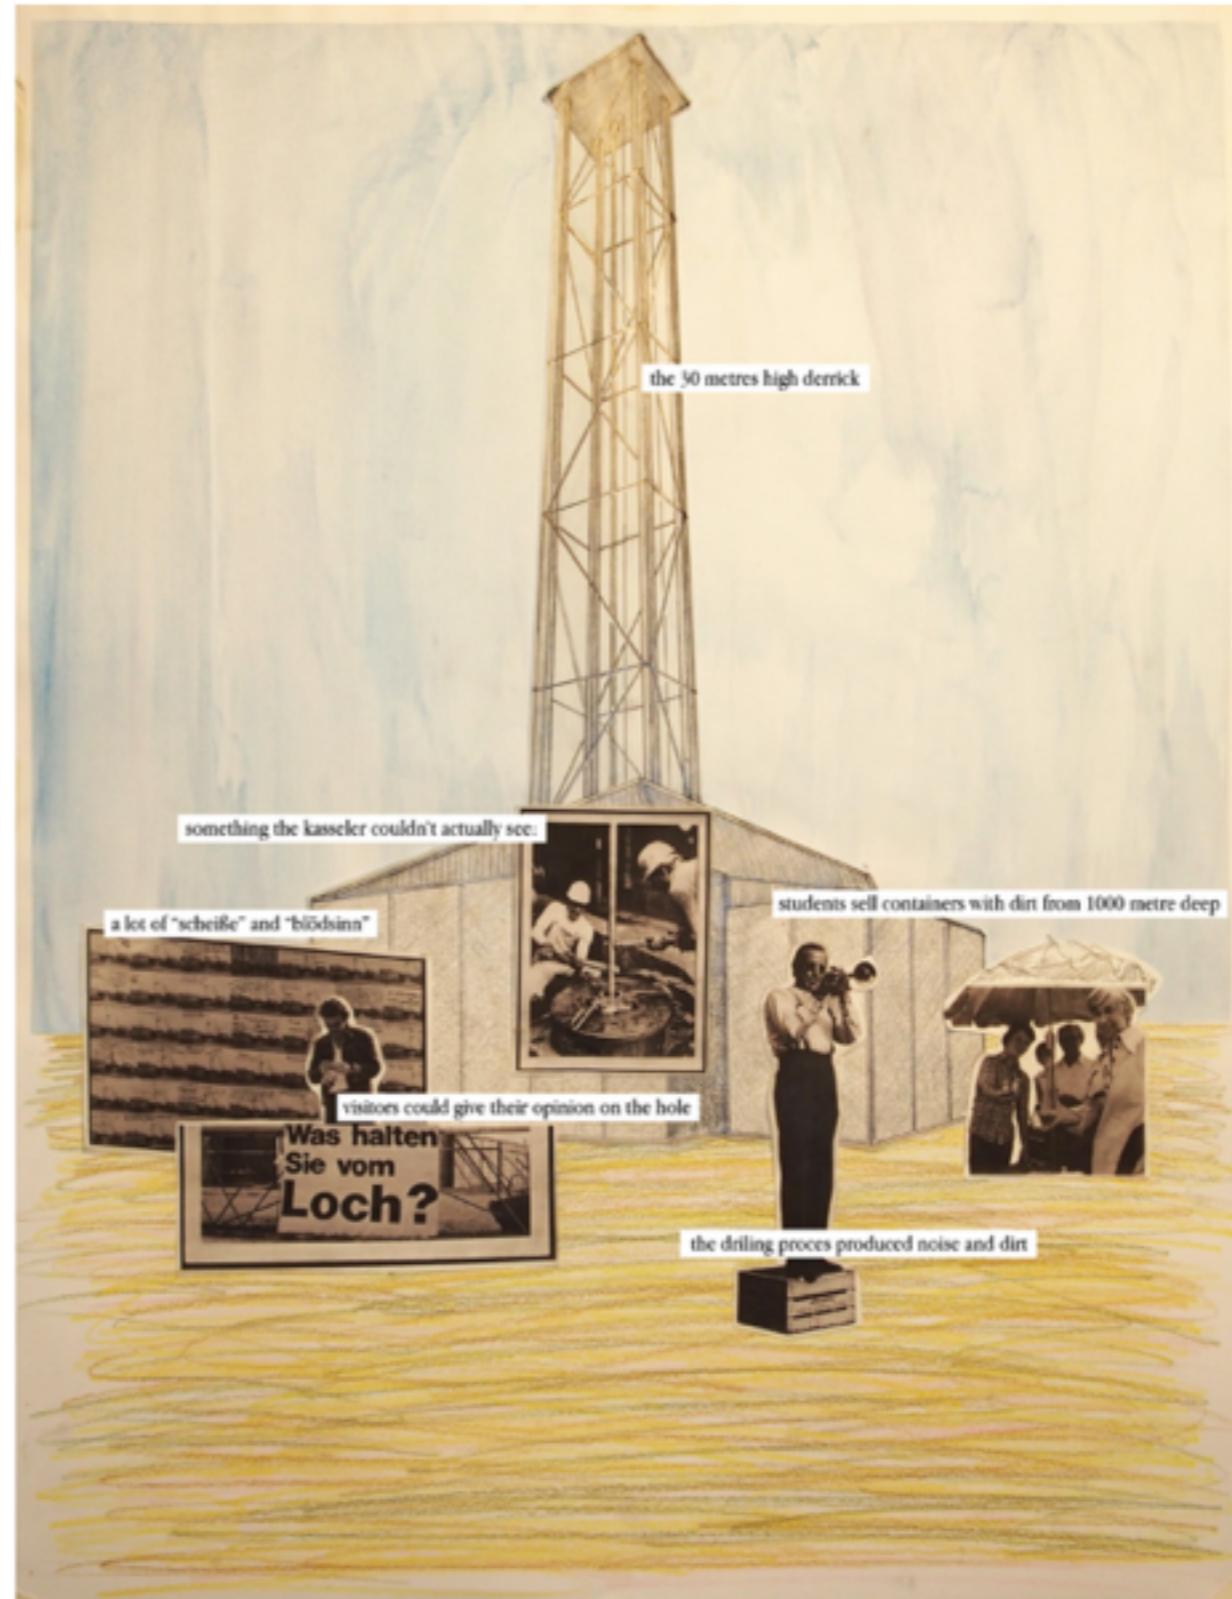

Architecture is defined by the actions it witnesses as much as by the enclosure of its walls. Murder in the Street differs from Murder in the Cathedral in the same way as love in the street differs from the Street of Love. Radically.

Der Obelisk auf dem Kasseler Königsplatz ist Geschichte. Findet ihr es gut, dass das Kunstwerk nun abgebaut wurde?

Was der Abbau für die Kasseler Politik bedeutet, lest ihr hier:
