cover

Main picture: 'Belait Barakah' is a new 75-metre vessel from Malaysia's Muhibbah Marine Engineering, envisaged as a DP2 offshore support and maintenance vessel (16).

Smaller pictures (left to right): Ishigaki Dream Tours from Japan took delivery of the ground-breaking 'Premium Dream' from Richardson Devine Marine, Australia, in early September (44); The 50.29m 'Cayo Largo' from Blount Boats was delivered to the Puerto Rico Maritime Authority with a second 13.7m vessel – 'La Plena' – as cargo (48).

NUMBER 7 OCTOBER 2008

Following the general maritime news and eight newbuild vessel reviews, our Focus on Japan reveals some of the most important contributors to the contemporary Japanese maritime industry

Our summary of news germane to the passenger ferry, tourist and charter vessel sectors is followed by reviews of five of the very best new passenger vessels

Our roundup of advances in marine electronics highlights some important new breakthroughs in products for the maritime industry, followed by the latest developments in marine interiors from a range of suppliers and manufacturers

Alan Haig-Brown examines the success of Thai-Norwegian venture A&S Thai Works, which supplies fish meal and rendering equipment to plants throughout the world
