Correction to: Topoi

<https://doi.org/10.1007/s11245-024-10031-0>.

In this article, the below statement in the Funding information section was missed out. Lavinia Marin’s work is part of the research programme Ethics of Socially Disruptive Technologies, which is funded through the Gravitation programme of the Dutch Ministry of Education, Culture, and Science and the Netherlands Organization for Scientific Research (NWO grant number 024.004.031). The author contribution section that reads as “The first draft of the manuscript was written by Cristina Voinea and all authors commented on previous versions of the manuscript. All authors read and approved the final manuscript” should read as “All three authors generated the ideas, the main argument, and the outline. Cristina Voinea wrote most of the first draft, while Lavinia Marin wrote most of section 2. All three

authors edited and commented on various versions of the text.”

The original article has been corrected.
