PROGRAM | CIRCULATION

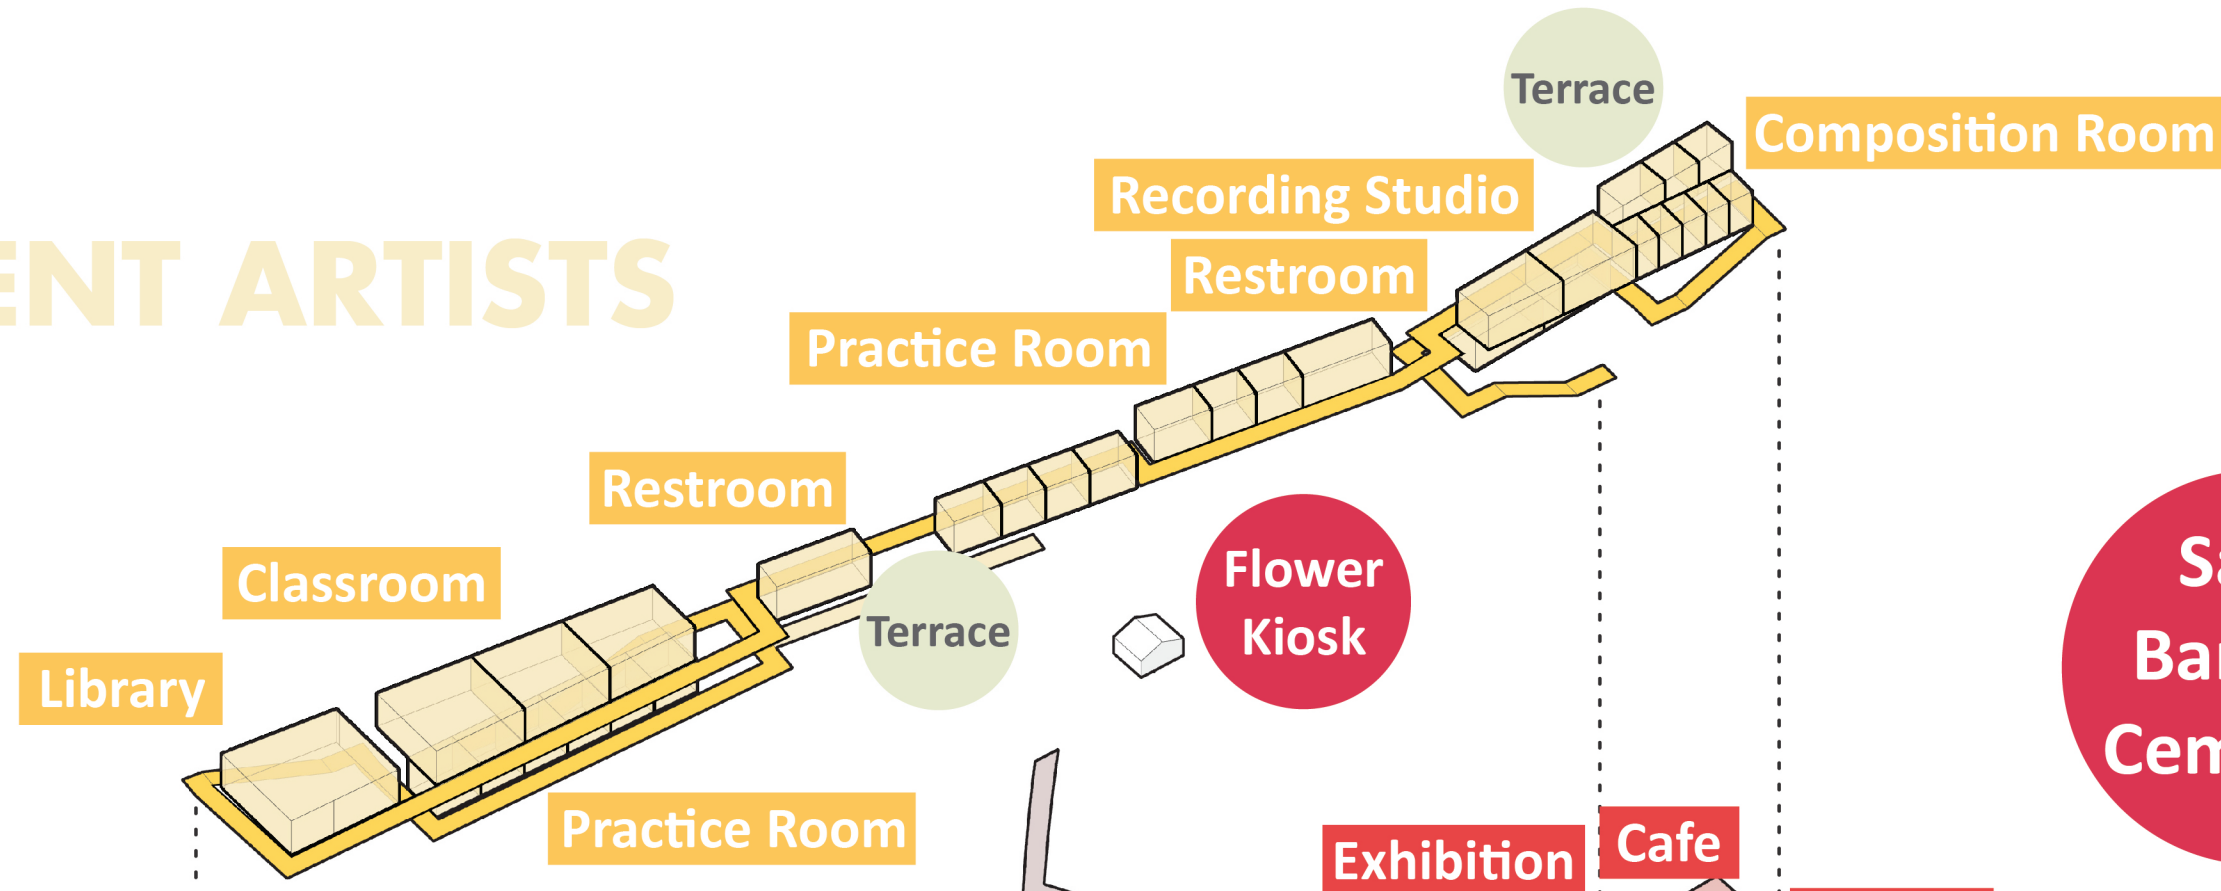

Inspired by Bernard Tschumi's Manhattan Transcripts, a notational system was first developed for the conceptualization of the spatial sequence, shedding light on what I expect the users to see and hear as they traverse along the musical promenade. Attention is given to both the visual and the acoustic space. Meanwhile, each colour applied embodies a particular spatial atmosphere.

In the end, the different sets of experiences are corporealized into their corresponding programmatic splices experienced by the four main characters. They form into linear corridors with twists, loops or zigzag pathways which do not only house events essential to music but also serve to restructure or augment the sensorial anchors in the vicinity.

FACADE DETAILS 1:20

@ CONCERT HALL | MUSIC SCHOOL | ARTIFICIAL LANDSCAPE | PUBLIC CORRIDOR

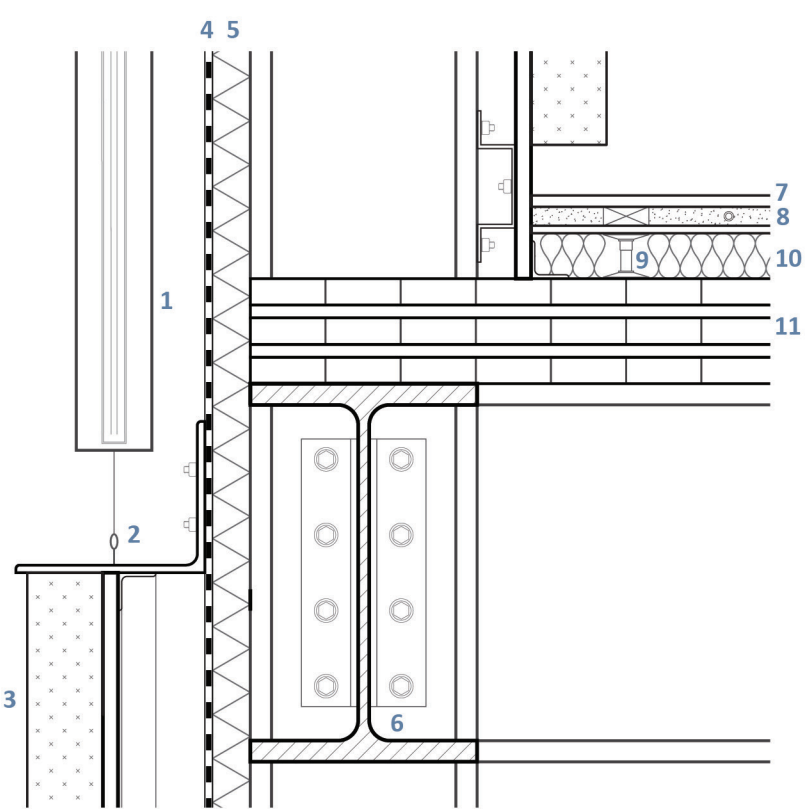

DETAIL A

- 1 Formed Gutter
- 2 6 mm Aluminium Capping
- 3 Air Vent
- 4 10 mm Low Iron Laminated Glass
- 5 75 mm Air Space
- 6 Roller-blind Sunshade
- 7 HEB 260 Steel Beam
- 8 Waterproof Membrane
- 9 Rigid Insulation
- 10 87 V Cross Laminted Timber Panel

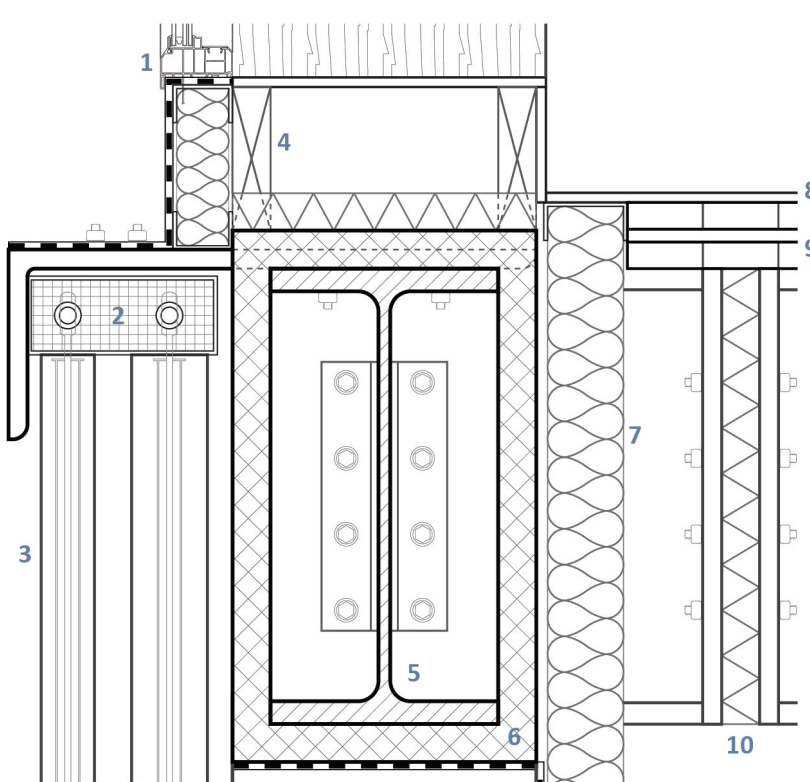

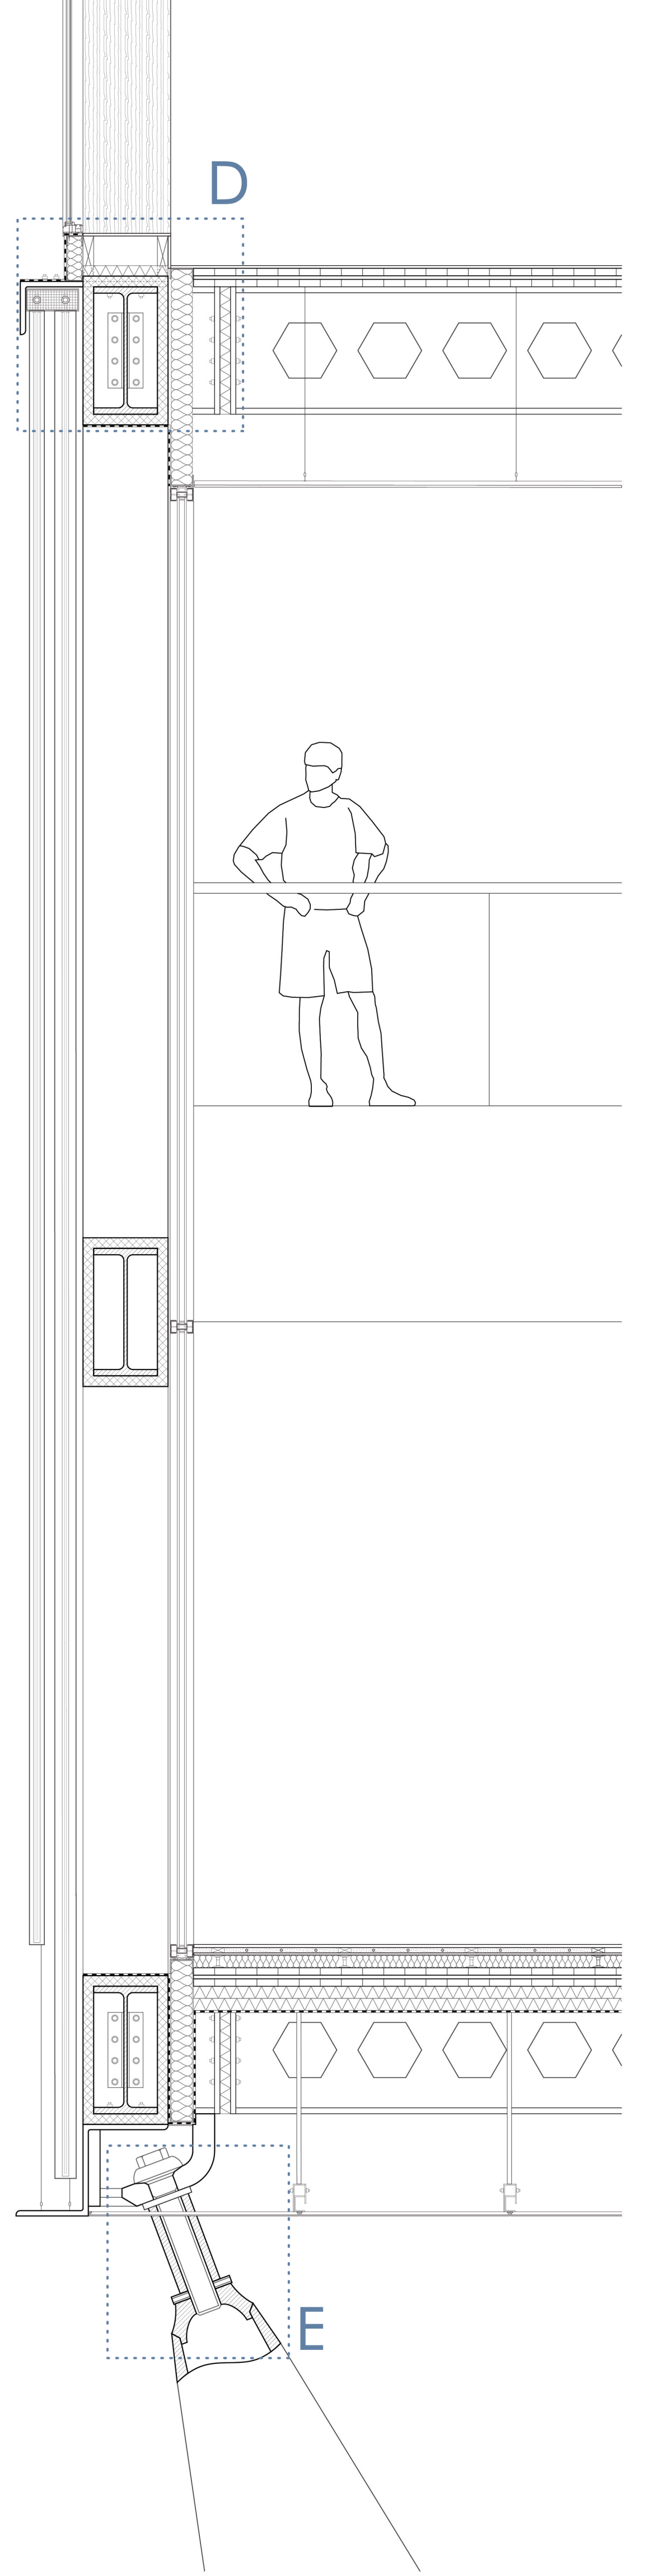

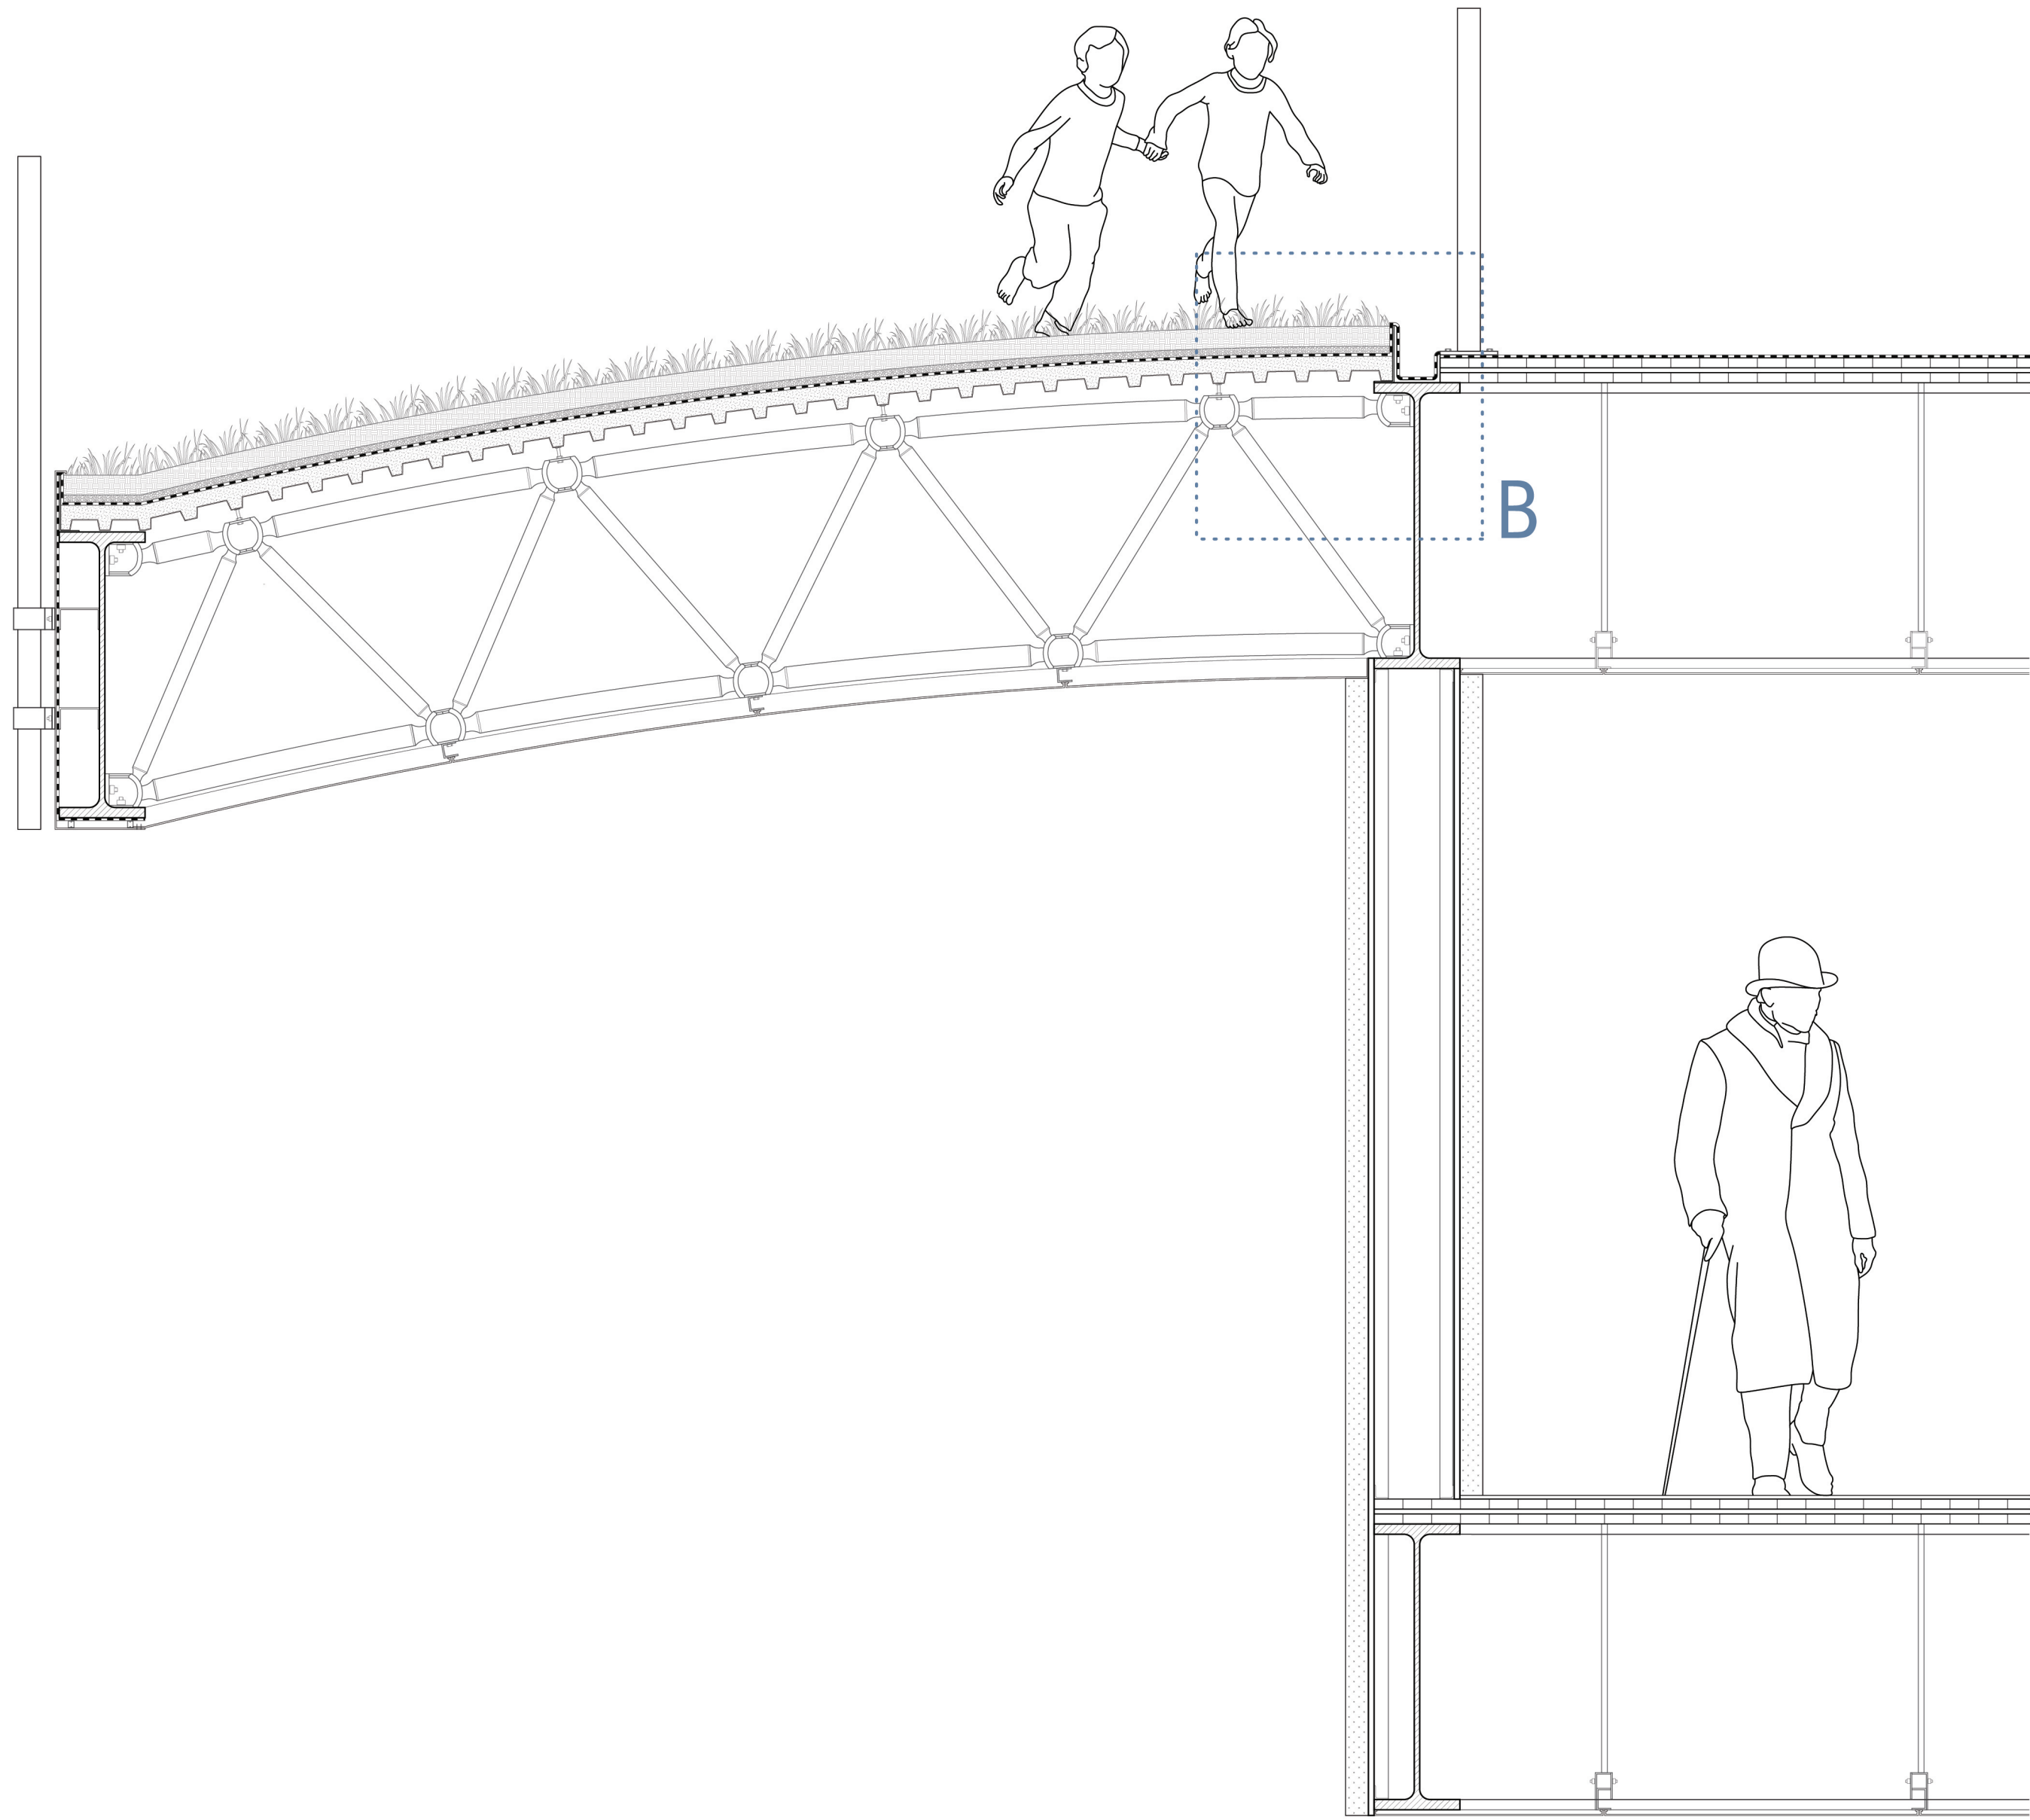

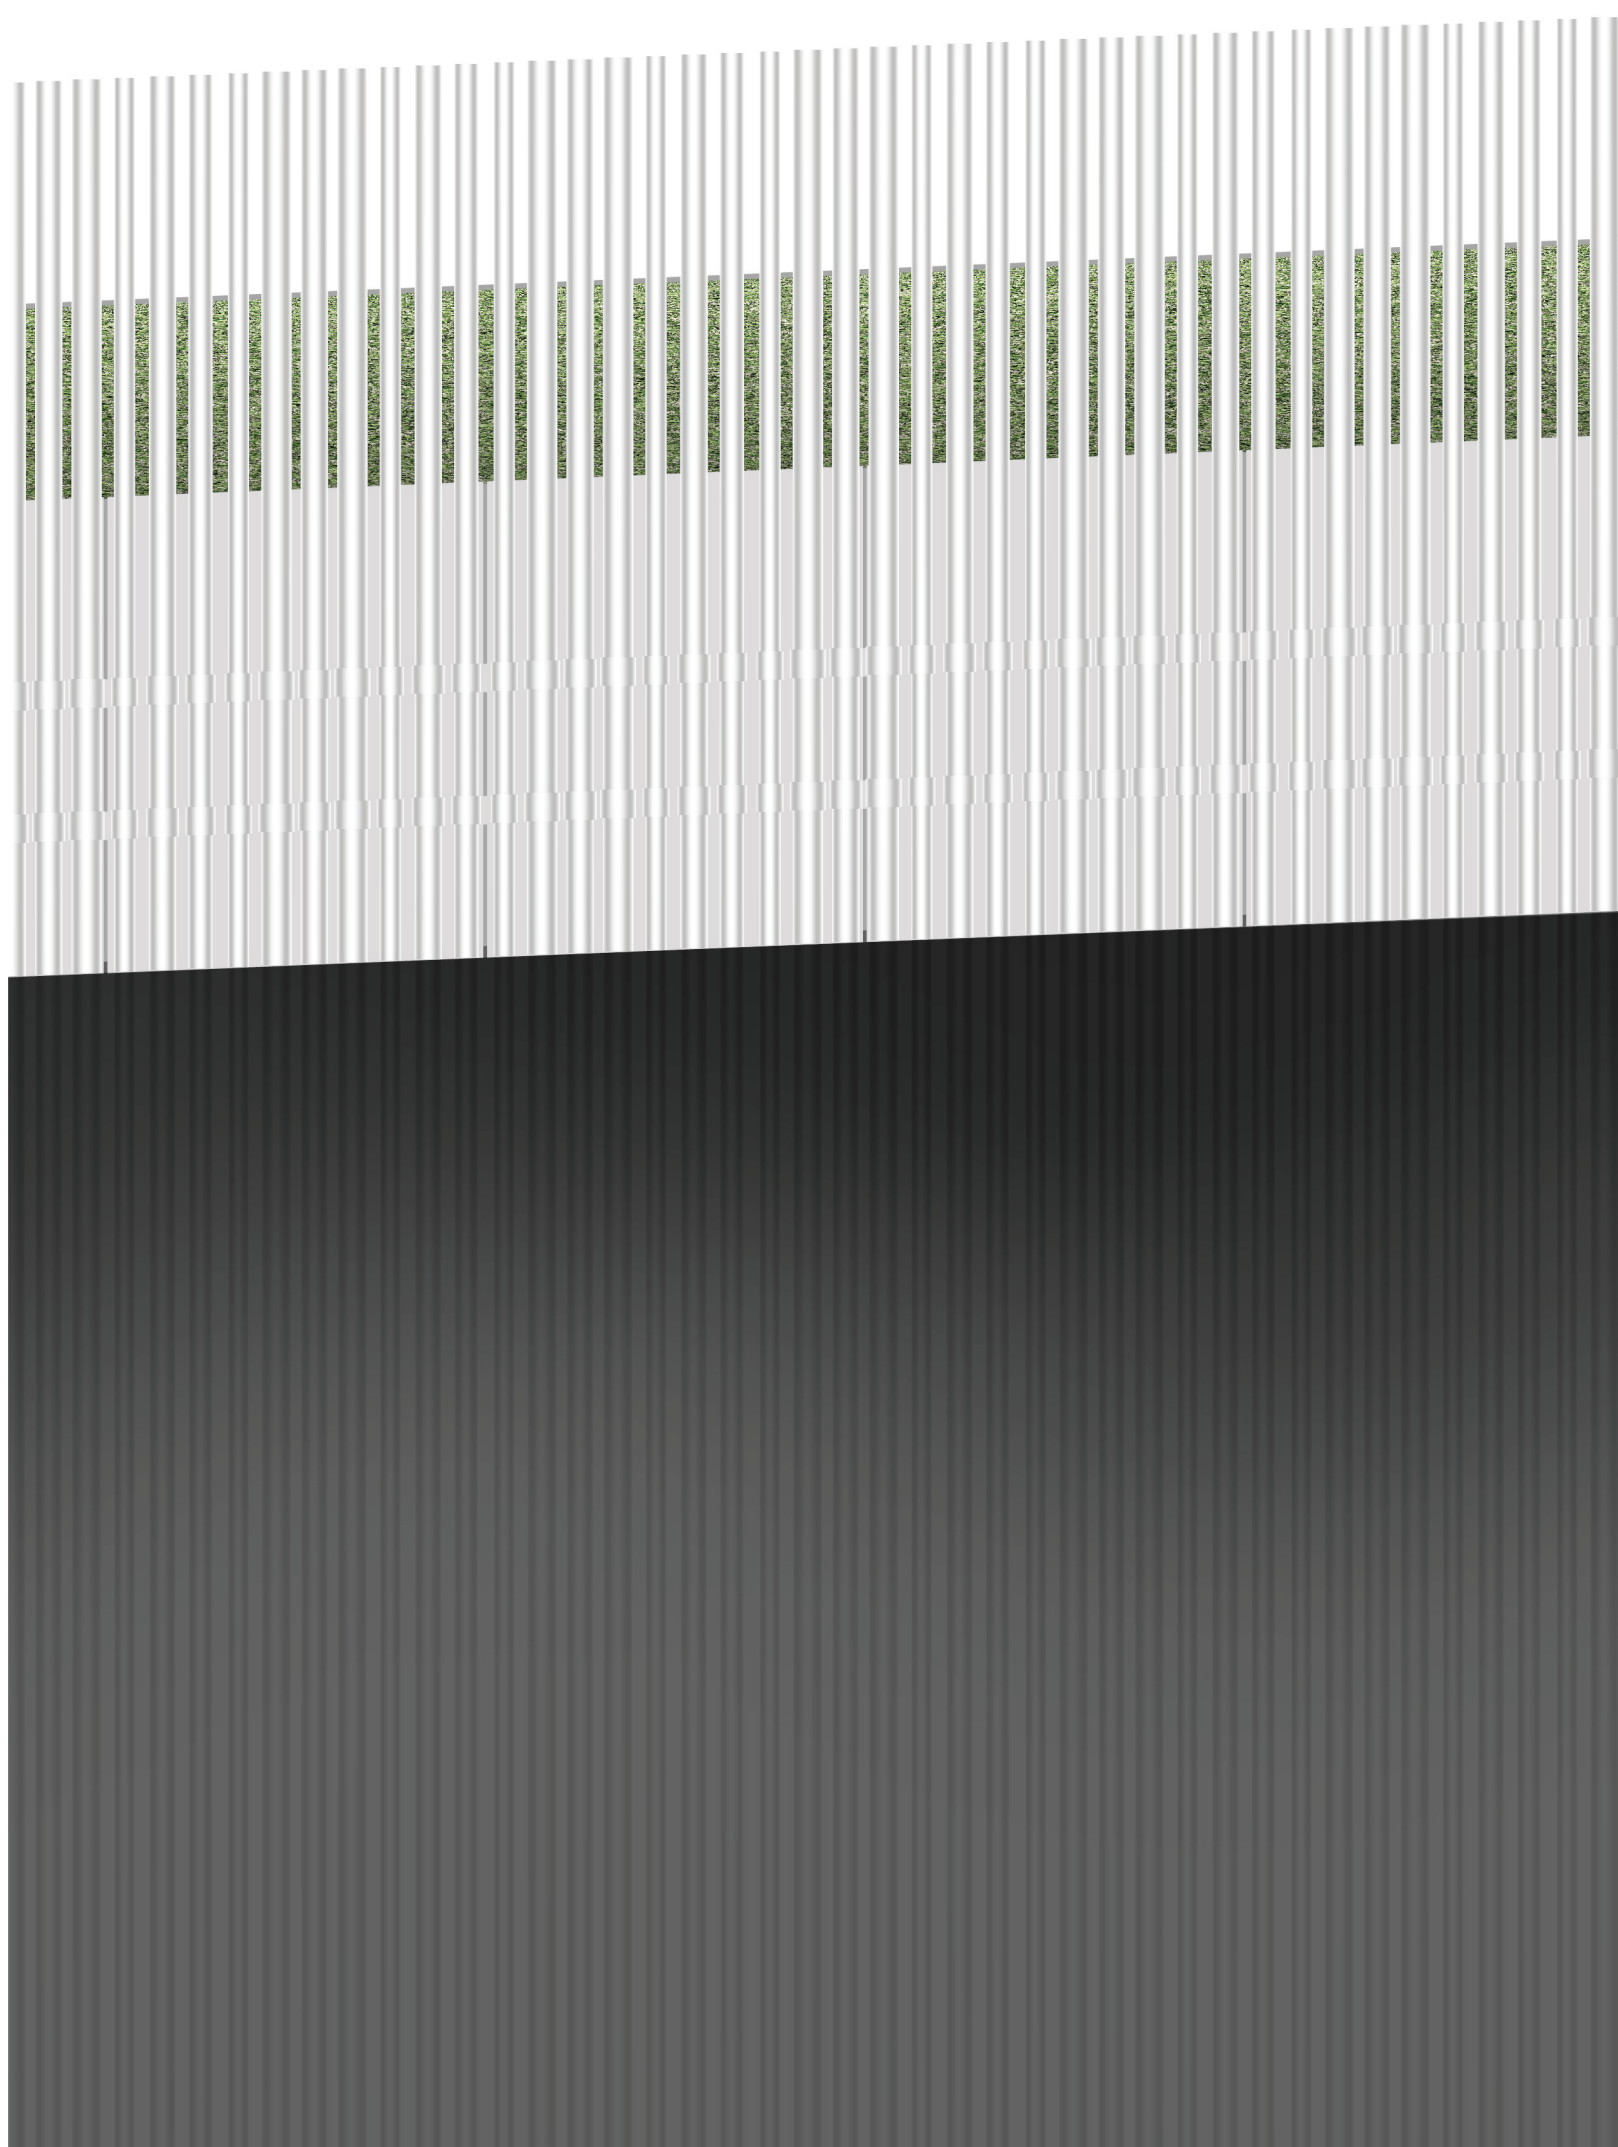

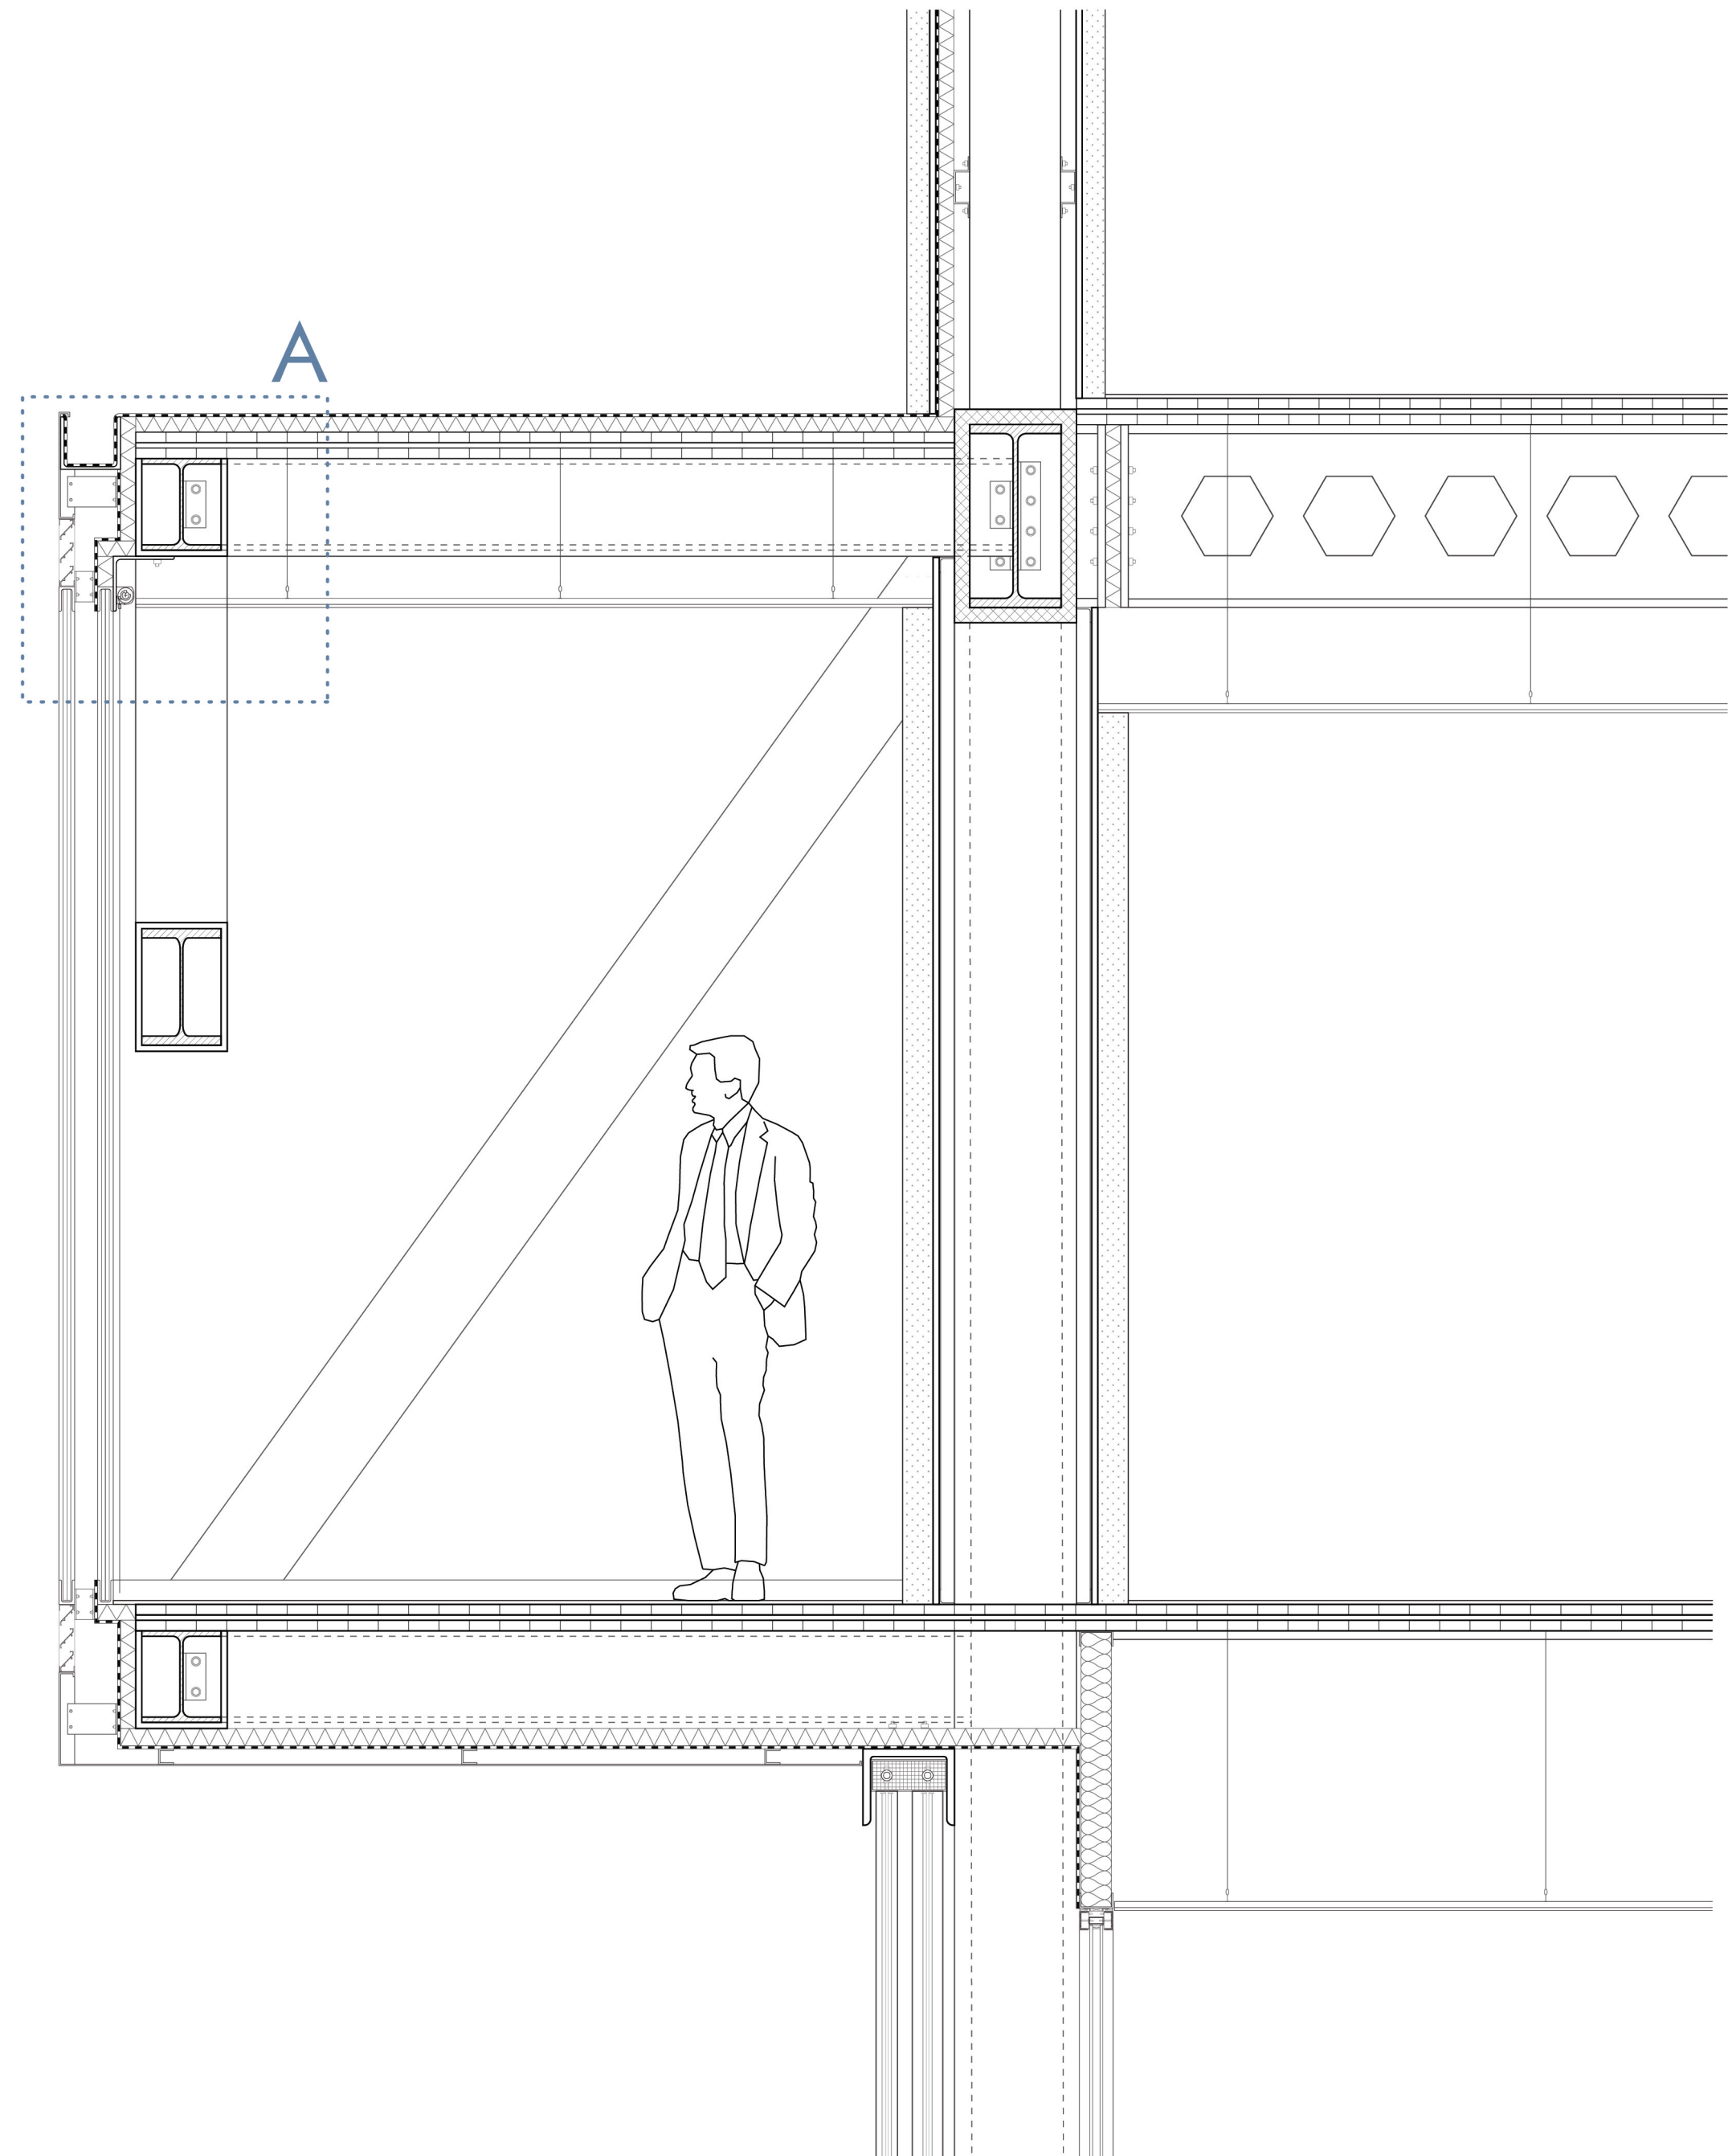

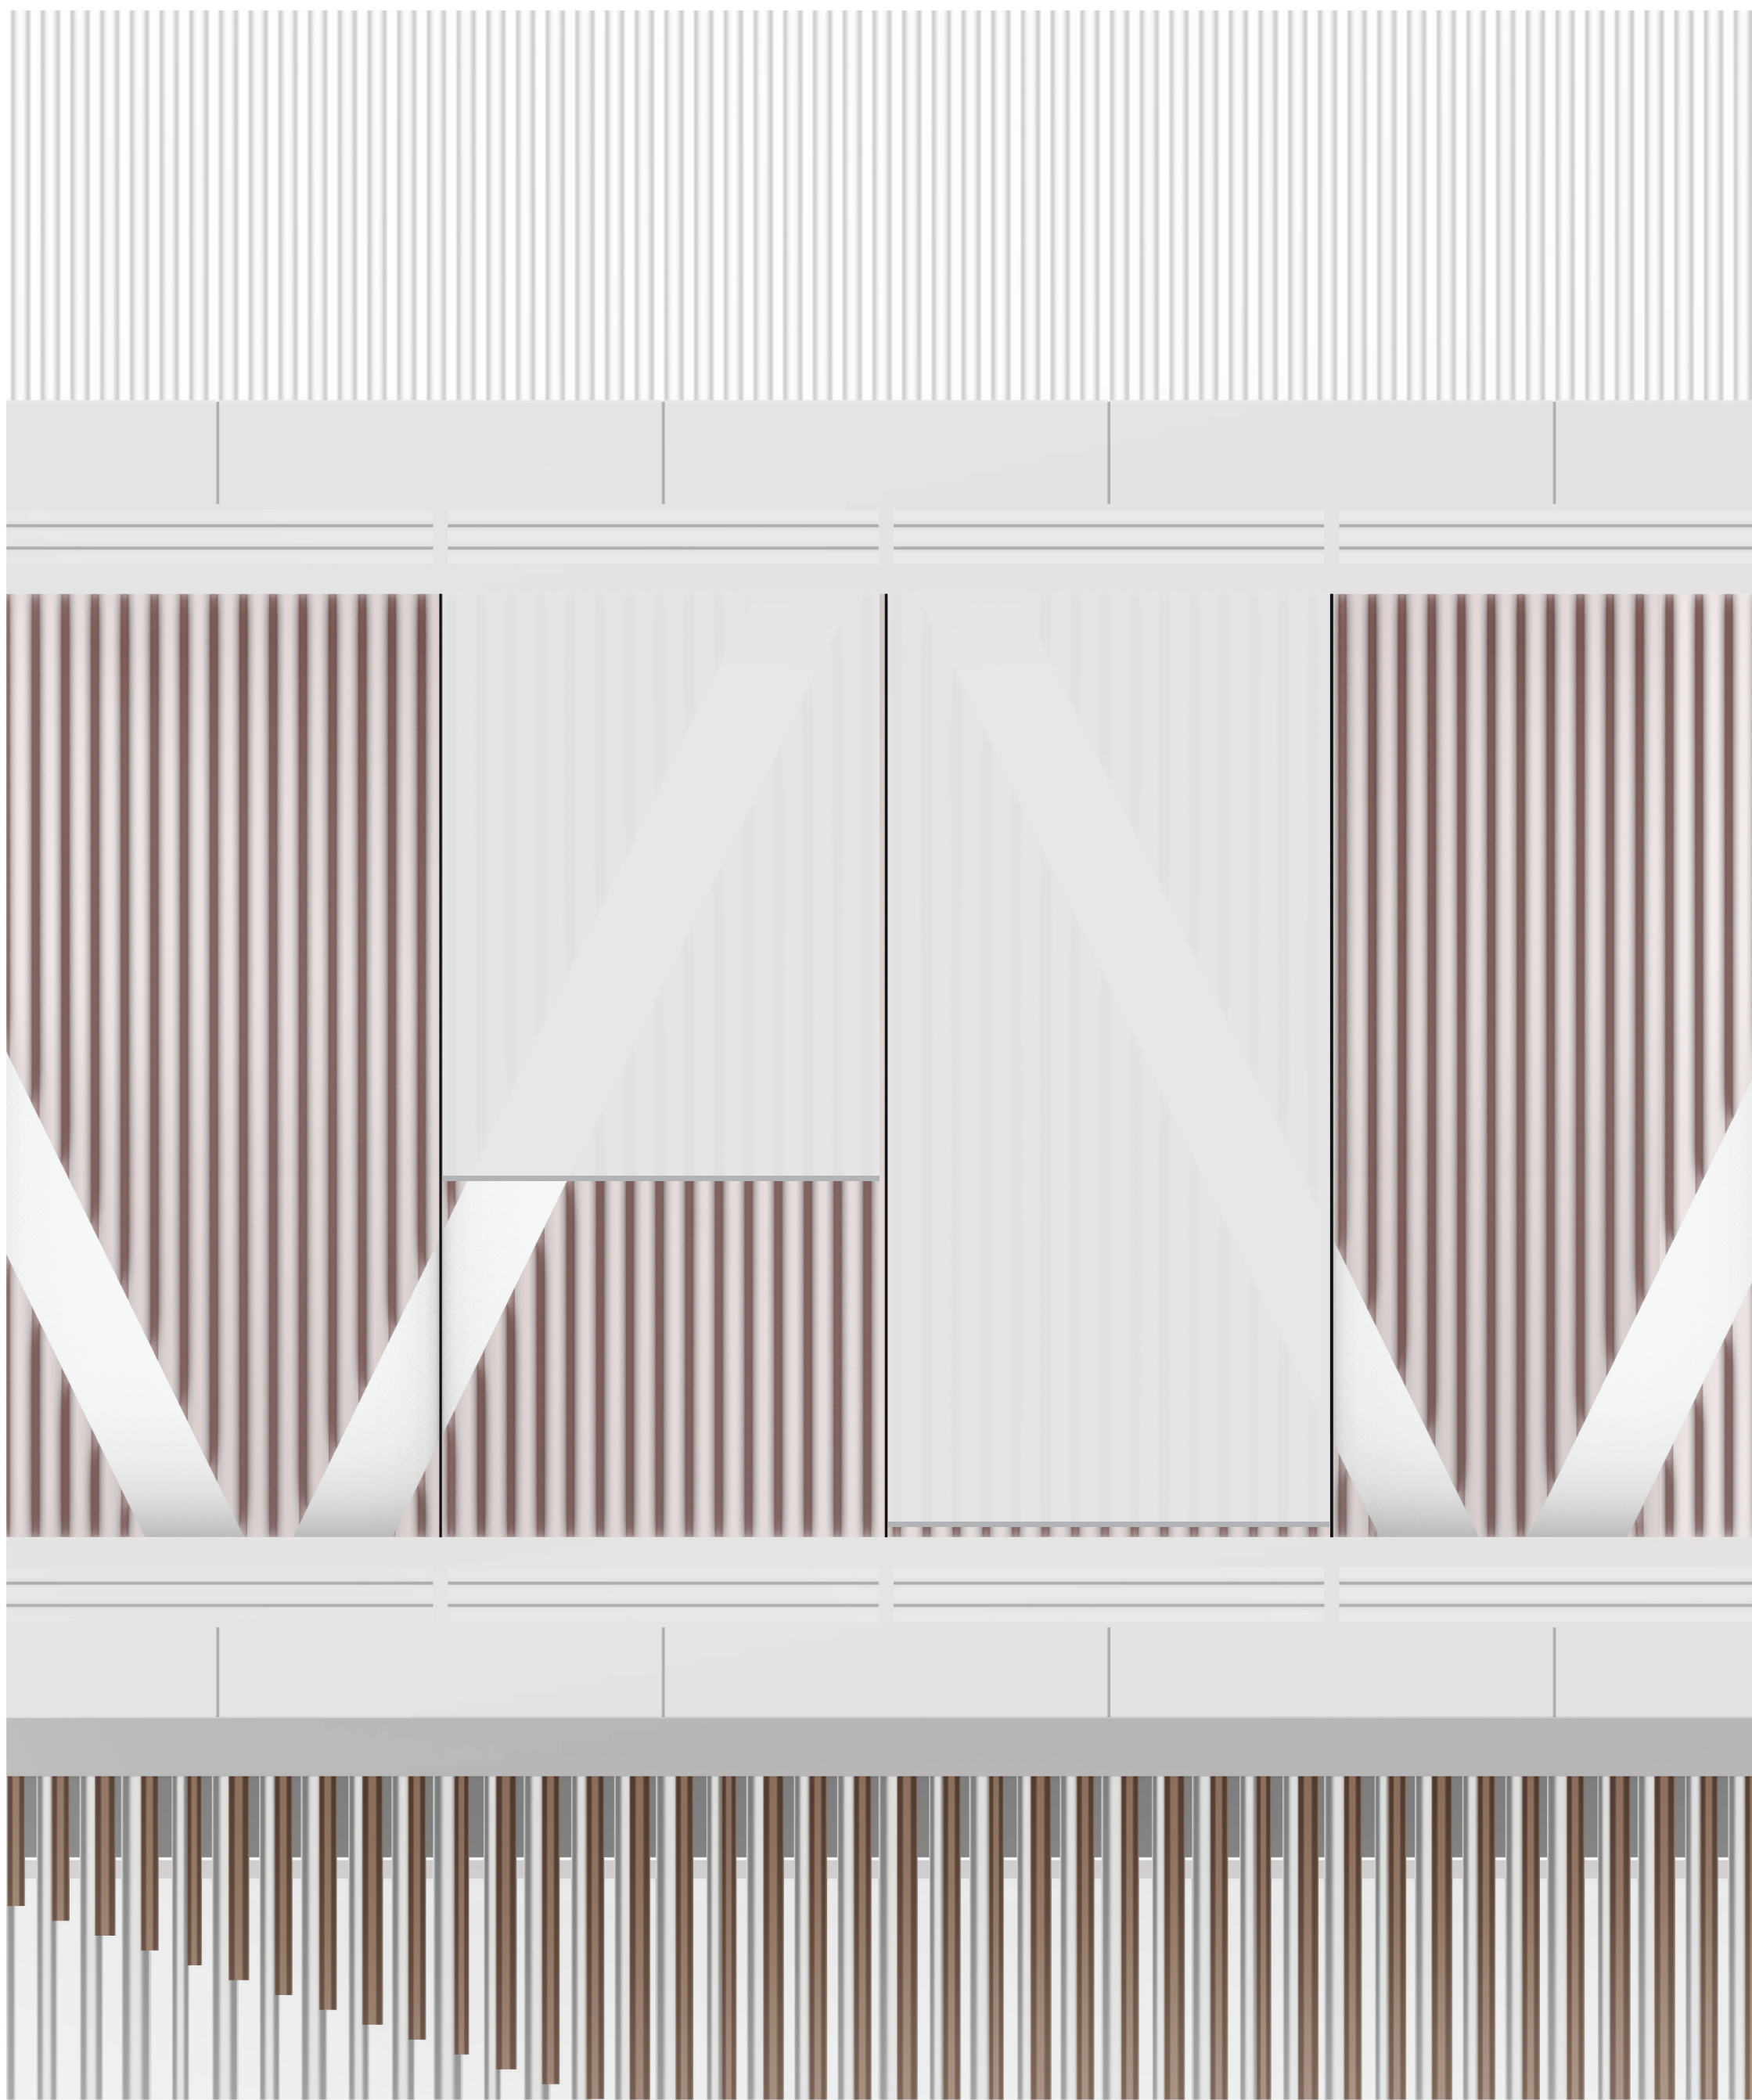

DETAIL B

- 1 Plant Cover
- 2 70 mm Growing Media
- 3 25 mm Drainage Filling
- 4 50 mm Lightweight Concrete
- 5 38 mm Steel Decking
- 6 Steel Chord Member
- 7 Steel Diagonal Member
- 8 Waterproof Membrane
- 9 Formed Gutter
- 10 HEB 1000 Steel Beam
- 11 10 mm Steel End Plate
- 12 Anodized Steel Balustrade
- 13 87 V Cross Laminted Timber Panel

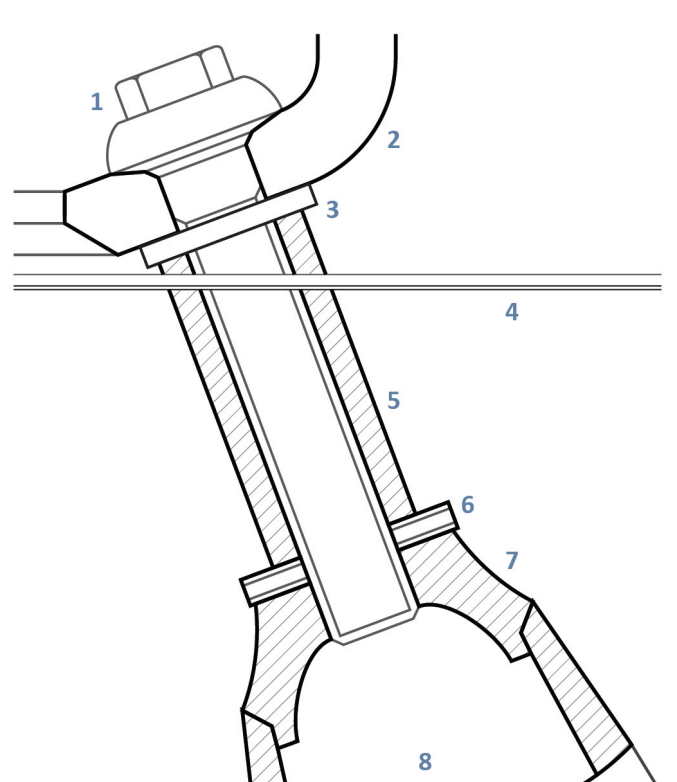

DETAIL C

- 1 Single Layer Solar Heat Pipe
- 2 Guided Cable
- 3 Anodized Steel Noise Barrier
- 4 Waterproof Membrane
- 5 Rigid Insulation
- 6 HEB 500 Steel Beam
- 7 15 mm Hardwood Flooring
- 8 Underfloor Heating Pipes
- 9 Adjustable Pedestal
- 10 Mineral Wool Insulation
- 11 139 V Cross Laminted Timber Panel

DETAIL D

- 1 Double Glazed Aluminium Window
- 2 Heat Exchanger
- 3 Double Layer Solar Heat Pipe
- 4 Internal Sill Living Support Block
- 5 HEB 600 Steel Beam
- 6 Fire Protection
- 7 HEB 260 Steel Beam
- 8 Cement Screed Floor Finish
- 9 87 V Cross Laminated Timber Panel
- 10 Structural Thermal Break

DETAIL E

- 1 Bolt Fixing
- 2 Node
- 3 Plastic Separation Washer
- 4 Aluminium Suspended Ceiling
- 5 Sleeve
- 6 Bolt Stopper
- 7 End Cone
- 8 Stainless Steel Pipe
