Verzorgings- en verpleeghuizen verdwijnen in rap tempo uit de binnenstad. Steeds meer zorgbehoevende ouderen verhuizen noodgedwongen uit het centrum.

Dit jaar nog sluit Sint Jacob aan de Plantage Middenlaan (waar in 2013 nog 368 mensen woonden), ook de noodbouw Groenhof bij de Marnixstraat (157 plekken) moet leeg eind 2015. De Wittenberg (102) ging vorig jaar al dicht. Bernardus (142) aan de Marnixstraat is in 2012 gesloopt.

“ Je kunt nauwelijks meer tachtig worden in het centrum. En dat is raar

Veel ouderen die in verzorgings- en verpleeghuizen wonen, komen nauwelijks meer naar buiten. Zorgmedewerkers spreken zelfs van bewoners die al 5 jaar niet meer buiten zijn geweest. 'Je kunt beter in de gevangenis zitten,' aldus zorgmedewerkster Lilian. Dat blijkt uit een inventarisatie van de Abvakabo FNV, die vandaag wordt gepresenteerd in aanloop naar nieuwe cao-onderhandelingen.

De bond opende drie weken geleden een meldpunt. Werknemers reageerden massaal: er zijn 1801 misstanden gemeld. Zo komen bewoners te laat uit bed, moeten ze te lang wachten op hulp, worden er veel medicatiefouten gemaakt en ontstaan er onnodig doorligwonden. Ook dreigen ze ondervoed en uitgedroogd te raken. Maar

Bewoners komen aandacht tekort. Ze krijgen geen prikkels, vallen in slaap, worden agressief. Je kunt beter in de gevangenis zitten. Treurig.
