

Gerrard Street currently rents out headphones to consumers as part of a service. For €7,50 per month you will receive a modular headphone through the mailbox. The user does the final assembly and within minutes they have a headphone. And no worries, if something breaks you will get a replacement part as part of the service.

After introducing a new wired (DAY), Bluetooth (BOSS) and active noise cancelling (PRINCE) headphone it is time for the next step for Gerrard Street, a Bluetooth speaker.

Introducing MAYER, a small portable Bluetooth speaker, which is also modular and fits through your mailbox. Featuring 20 Watt drivers, a replaceable 20 hour battery and a fabric sleeve, this speaker competes with the higher premium speakers, adding modularity, upgrade-ability and affordability into the mix. MAYER will cost only €9,99 per month instead of competitors asking a whopping €350. And you can quit at any time.

Gerrard Street's MAYER - The last speaker you will need.

MAYER

***Designing a modular
upgradeable subscription
speaker for Gerrard Street***

***Delivered through your
mailbox, so no need to be
home.***

***Assembled and repaired
within minutes.***

***No nonsense, just good
music.***
