

THE SHOWCASE

This document contains information about the showcase deliverable regarding the graduation project "One last wish" which was executed in collaboration with WensAmbulance ("WishAmbulance") Brabant and TU Delft.

As agreed upon with the supervisory team during the greenlight meeting, the showcase of the graduation project will consist of a demonstration of the prototype of the Patient Wrap.

In addition, WensAmbulance Brabant will make a wish ambulance available for the graduation ceremony. The wish ambulance will be positioned in front of the building of Industrial Design Engineering, TU Delft, as agreed upon with the faculty.
