DESIGN GOAL

Het creëren van een gezondheidshuis waarbij het thuis gevoel en de patient centraal staat (patient centered) en alle aspecten van gezondheid recht doet.

Een gezondheidscentrum voor iedereen met verschillende culturele achtergronden

Verandering in de zorg

- langer thuis blijven wonen
- Zorg meer bij mensen thuis
- Te weinig patient centraal
 - keuzevrijheid
 - recht doen aan culturele waarden
- verminderen van eenzaamheid

Verandering in de zorg

- men voelt zich thuis
- Ontmoeting wordt bevorderd
- vele culturen voelen zich thuis

Onderzoeksvraag

Welke Elementen uit architectuur en stedebouw zouden gebruikt moeten worden om een gezondheidscentrum te ontwerpen, welke gebruikt kunnen worden door mensen van verschillende culturen?

Doel

- Toolbox voor architecten
- ontwerpen van gezondheidscentrum voor iedereen

Subvragen

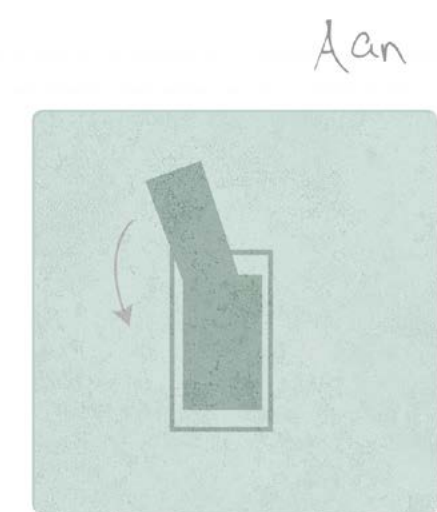

- Welke elementen in architectuur en stedenbouw creeëren een thuis gevoel?
- Welke elementen in architectuur en stedenbouw zijn belangrijk en ondersteunend voor de gezondheid en het herstelproces?
- Hoe wordt er in verschillende culturen omgegaan met zorg en zorgcentra?

Onderzoek

- Literatuuronderzoek
 - thuis
 - evidence based design
- bezoek best practices
 - Groot Klimmendaal, Arnhem
 - De Groene Smaragd, Delft
 - Zaans Kleurrijk, Zaandam
