

Architecture of Consumerism as Public Space

P5 Presentation

Luisa Zeilinger

“I refuse to pay alimony to those bastard developments. [Shopping malls] destroyed our cities.”

- Victor Gruen, 1978

ARCHITECTURE OF CONSUMERISM

MALLS OF TALLINN

NAUTICA MALL

Rotermann

Ferry Terminal

NAUTICA MALL

NAUTICA MALL

NAUTICA MALL

How can the architecture of consumerism be reshaped to create public space?

How can the historical characteristics of Tallin be integrated to create a distinct 'place' identity?

How does the design of consumerist spaces affect individual behavior?

What architectural components make up public space?

Mall Design Factors

- Climate
- Security
- Sales volume
- Concentration of Retail

Problems

- Closed off
- Private
- Bulk volume
- Homogenous

Solutions

- Cut open
- Public
- Scattering
- Diversity of program

FACADE SECTION

Facade Greenhouse Roof Connection

- 1 - Steel bracket
- 2 - Steel gutter
- 3 - Steel brackets
- 4 - HEB 220
- 5 - Channel glass facade profile
- 6 - Moire fluted channel glass

Facade Existing Roof Connection

- PVC roll covering
- 30mm - Rigid mineral wool board
- 270mm - Rigid mineral wool board in a checkerboard pattern, ventilation grooves in the outer layer plates
- Vapor barrier
- 50mm - River mineral wool board
- 130 mm - Profile sheet
- 200mm - Hollow steel beam

Facade Greenhouse Beam Connection

- 5 - Channel glass facade profile
- 6 - Moire fluted channel glass
- 7 - Steel plate fastening
- 8 - 500m concrete beam
- 9 - Steel planter fastened onto concrete beam

Mirrored Facade Roof Connection

PVC roll covering
30mm Rigid mineral wool board
270mm Rigid mineral wool board in
a checkerboard pattern, ventilation
grooves in the outer layer plates
Vapor barrier
50mm River mineral wool board
130 mm Profile sheet
200mm Hollow steel beam
Double sided aluminium facade profile

- 1 - Steel bracket
- 2 - Steel gutter
- 3 - Wooden profile
- 4 - Composite panel with insulation and polished aluminium sheeting
- 5 - Steel L brackets
- 6 - 200mm Steel hollow beam
- 7 - Double sided aluminium facade profile
- 8 - Mirrored Glass

Mirrored Facade Ground Connection

5mm Screed
150mm Concrete C25/30
Polyethylene Film
100mm Polystyrene foam board insulation
>200mm Limestone shale

- 7 - Double sided aluminium facade profile
- 8 - Mirrored glass
- 9 - Composite panel with insulation
- 10 - Vapor barrier
- 11 - Steel Gutter
- 12- Permatrek fastening
- 13 - Wood planks
