

POST NUCLEAR COFRENTES...

ATOMIC ENERGIZED TULIPS
Can now be planted in the spring

'Any architect helping to promote nuclear may never have a good night's sleep again'
Would you design a nuclear power station?

"ABSOLUTELY SAFE, COMPLETELY PREDICTABLE!"

Nuclear Is Back on the Table for a Green Future
Shifting from dependency to energy sources that are completely sustainable, affordable and clean isn't technically feasible overnight. Can nuclear power help fill the gap?

France to build up to 14 new nuclear reactors by 2050, says Macron

Each president says 'renaissance' of atomic energy industry will reduce country's reliance on fossil fuels

"WITNESS THE POWER OF THE ATOMIC BOMB"

\$3 per Person

See the Atoms Split to Smithereens
Take a trip to the outskirts of Las Vegas Nevada to see American science at it's finest. Viewers shall be placed in a tower safe from the blast as American scientists produce an atomic explosion.
Location: 4.5 miles northwest of Las Vegas
Bus Schedule
Monday, Tuesday: 12:00pm
Wednesday, Thursday: 2:00pm
Friday, Saturday: 11:00pm
Sunday: not available
