1. Sun-protection glazing
   - 115/60 aluminium profile
   - 3mm aluminium sheet, bent to shape on insulation panel
   - Halogen spotlight illuminating lightwell in evening
   - Electronic automatic sunscreen, white nylon
   - 4 22mm heat-piping preventing chill
2. Roof construction
   - Plastic sheeting
   - 170mm hard insulation
   - 200mm EPS insulation
   - 300mm reinforced concrete deck
   - Clamp profile with 60/12mm aluminium cap
3. Parapet
   - 3mm aluminium sheet
   - 2mm neoprene
   - Brick panels
   - 20 mm brick laminated on concrete panels
   - 50 mm cavity
   - Waterproof foil
   - 200 mm insulation
   - 200mm concrete
4. Fixed glazing
   - 6mm toughened glass
   - 16mm cavity
   - 6mm laminated safety glass
   - Glare reducing rolling blind, automatic
5. Glietvloer
   - 25mm impact insulation
   - 300mm reinforced concrete
   - Lowered ceiling
6. 30mm steel structure beam
7. 3mm aluminium profile
