3. Universalism & Self-direction
4. Benevolence & Conformity/Tradition
5. Power & Security
6. Hedonism & Stimulation
7. Power & Achievement

Orientation
Plots were chosen based on values (hidden vs. visible, open vs. closed), as is the position of the house on the plot. Some are placed on the edge of the plot, whereas others are placed at the back of the plots. The type of street (public/private) the plot is connected to also plays a role.
