Area of study: Old city wall - HS station - Industrial area

Rapid modern urbanization, between the prosperity of the city center and the utopian pastoral of the suburban area
01 Research Findings

Objects, elements, traces - representations of different regimes exerting forces to the area
01 Research Findings

A FIELD OF HETEROGENEITY

The very functionality, banality, and honesty allow for the potential of the intricacy and meaning of things-in-itself to be revealed and perceived.
01 Research Findings

02 The Policy

03 The Design
02 The policy

An appropriate intervention, which does not obstruct the normal running of the urban mechanism, while at the same time charge the field with more possibilities and experiences
02 The policy

SUPER HOMOGENEITY vs SUPER HETEROGENEITY

extreme spatiality as a background of the mundane urban life

in
or
out?
chaotic, or regulated?
insensitive, or sensitive?
invading,
or
emancipating?
thank you
