Design Challenge:
1. Design a casing so that the hygiene and safety of the device are improved
2. Increase the user-friendliness of the device by improving the aesthetics and the usability of the device.
3. Reduce the dimensions of the device

“the Haermonic Flush“
designing the next pericardial flushing device

THIS POSTER IS NOT FOR PRESENTATION PURPOSES. A NEW POSTER IS BEING DEVELOPED WITH PROFESSIONAL PHOTOGRAPHS TAKEN BY A PHOTOGRAPHER. I WILL UPLOAD THIS POSTER BEFORE MY GRADUATION DATE
