Spouse stays behind

Nursing home for the person with dementia
Concept

Co-housing with spouse
Concept

Exclusion
Separation
Integration
Inclusion

Part of the city
Design strategy: urban plan

Dementia route
Design strategy: urban plan

Starting point route

Route towards home

Route towards groceries
Design strategy: building

Existing grid

dwelling orientation

Communal area central
Design strategy: building

1. Existing ground floor communal space
2. Existing openend as courtyard outdoor space
3. Existing increased opening outdoor space each floor
4. New outdoor space east south maximize light
5. New outdoor space west - south maximize light
6. New shares outside space increase social interaction
Design strategy: facade

Existing arch shows structural frame

Existing arch is repeated

Existing arch is repeated all floors

Existing window frame structured from center

Existing openings in 7 fold

New shape result from building strategy
New openings

Structural frame is repeated by openings

Structural frame is repeated by openings

Structural frame is repeated on all floors

New openings in 5 fold

Difference in panels for functions

Design strategy: facade
Design strategy: target group

- Accessibility
- Connection with nature
- Social interaction
Design strategy: target group

Deterioration dementia & scale of access
