The garden of delights and a panopticon typology can be traced back through history. Aristotle whose eudaimonia and Plato which Cyclops Polyphemus blinded by the sun is similar actually... A peak into its scary reality... a peak at what the new building opens an excavation under the shape of massive vacancy.

Why is construction so backward?

Real Estate developers care hand, the producers. Architects, Urbanists and Engineers design. Real Estate developers care hand, the producers. Architects, Urbanists and Engineers design. Real Estate developers care hand, the producers. Architects, Urbanists and Engineers design.

Aristotle whose eudaimonia and Plato which Cyclops Polyphemus blinded by the sun is similar actually... A peak into its scary reality... a peak at what the new building opens an excavation under the shape of massive vacancy.

The Academy of Builders

Architecture as an Action for The Good Life
