KAMPONG THE NEXT LEVEL

Problems

- Low quality materials
- Lack of space
- Weak structure
- Floodings
- Atmosphere of the kampong

Embodied energy

Pleasant climate
Different dimensions
Raise to protect
Chikapundung
Strong community
Riverside typology
Informal economy
Gotong royong
Vernacular architecture

Location

Bandung kampong Braga

Self-built
Modularity
Incremental
Restructure
Elevated alley
Lightweight
Co-housing

Few public spaces and greenery
