WeTrade makes connecting to the global market easy!

First you go to the closest WeTrade office to create an address and identity.

Register your business online, before you start trading.

Explore the online markets and join the one that fits your business best.

See how other businesses build their shops and create your own shop.

Give your shop a name, share your specialities and add photos.

Now you can view the supply and demand within your market.

You can as well can find live information at the WeTrade office.

Make bids online or with your mobile phone.

Wait for your bid to be accepted.

Bring your goods to the WeTrade office to be safely delivered by TNT.

Once your buyer has accepted the goods you can collect your money.

WeTrade makes connecting to the global market easy!
